

The OMAA is proud to announce that Friends of the Museum membership has risen to nearly eight hundred individual and corporate members. The Museum receives its major financial support from Friends of the Museum membership dues. To ensure that the Museum remains a vital and important participant in Northern New England's artistic community, your support is needed. We hope that you will show your appreciation of the Museum's effort to provide the public with quality annual exhibitions by becoming a "Friend of the Museum".

membership application

Membership is a great gift for any special occasion

Membership Cards

Membership Chairperson Barbara Hilty would like to remind current OMAA members to present their membership cards when visiting the Museum. Staff and docents do not always know every OMAA member. Showing your card at the entrance will greatly assist them when you visit. If you should forget your card, please identify yourself to the desk attendant as a current member and give membership level. The Museum appreciates your cooperation.

Matching Grants

Many OMAA members who are affiliated with corporations (such as Pfizer, ExxonMobil and IBM) that make matching grants to cultural institutions have used these programs to double their donations to the Museum. We are grateful to the individuals, and ask that everyone be aware of similar matching grant programs that may be applicable to **your** donations.

Benefits

All OMAA members are reminded that they receive at no charge the annual Bulletin, catalogues to all exhibitions, and exhibition posters (when published by the OMAA). Members may pick up these benefit items at the Museum entrance desk simply by showing their membership card. Arrangements can be made to mail these items if members cannot visit the Musuem.
